**Product Name UN Number** Not Applicable Extrablock **Other Names** Ultrablock **Hazchem Code** Not Applicable **Product Code** Refer Product Profile **Dangerous Goods Class** Not Applicable **Poisons Schedule** Not Applicable

Application Shade fabric is suggested for applications such as light weight tension

structures, shade sails, tarpaulins, etc.

## **Physical Description & Properties**

Odourless knitted fabric **Appearance Flashpoint** Not applicable

in varying colours

140 °C (284 °F) Refer Product Profile **Melting point** Flammability limits

Vapour pressure Not applicable Solubility in water Insoluble

**Specific Gravity** 0.9

Other properties

Ingredients

Chemical Entity	CAS no.	Proportion
Polyethylene	-9002-88-4	~ 90%
Proprietary Flame Retardant Additives	-	~ 5%
Hindered light amine stabiliser	-	~ 1%
Other proprietary pigments and additives	-	~ 4%

### **Health Effects**

Ingestion This product is of a solid nature First Aid If necessary, seek medical

> and should not be swallowed. advice.

Eye May irritate the eye from First Aid This product is of a solid nature

physical contact. and should not contact the eye.

Seek medical advice.

Skin First Aid This fabric may be fabricated If molten plastic contacts the

using high temperature

equipment - beware of molten

material.

skin, cool affected area rapidly under cold, clean running water. Do not peel molten plastic from

skin. Seek medical advice.

Inhalation Avoid fumes and or dust

> generated from, welding, burning or dust from other

handling

First Aid If affected by fumes or dust,

> remove to a clean well ventilated area. If necessary, seek medical

advice

The information set out above has been compiled from supplier reference data including third party Material Safety Data Sheets. Alnet Americas, Inc believe that the information is accurate and reliable, though Alnet Americas, Inc does not make or give any warranty (other than implied by statue which may not be excluded) with respect to the information. ## **EXTRABLOCK**

**Shade Fabric** 

**Precautions For Use** 

**Exposure standards** Not established

**Engineering controls** Fabricate in normal well ventilated areas, use additional ventilation

or exhaust extraction systems when welding of hot knife cutting.

**Personal protection** Use of general purpose protective gloves is recommended (but not

essential) when handling fabric. Wash hands after working with

fabric.

**Flammability** Fabric is combustible if sufficient flame is applied - but will have a

low level of flammability. Extinguish by using water spray or

extinguisher foam.

**Environment** Not hazardous to water. May not break down readily when exposed

to microbial attack during landfill disposal.

**Storage Requirements** 

Storage Store in a cool dry area away from direct sunlight, halogens and

highly acidic substances.

**Handling & transport** Use caution when loading and unloading fabric from vehicles.

Refer to Product Profile for approximate roll weights.

**Spills & Disposal** The product is solid and therefore not subject to spillage.

Incinerate under controlled conditions according to local regulations

or dispose as an inert solid in a land fill according to local

regulations.

Fire & Explosion The product may accumulate static charges which may cause an

incendiary electrical discharge.

Thermal decomposition temperature is approximately 280-300°C (536-572°F) combustion may produce carbon dioxide, carbon monoxide, oxides of nitrogen and sulphur as well as small quantities

of other organic chemicals.

### OTHER INFORMATION

The resins and additives used in the material are not suitable for food contact.
